

# CALL FOR PARTICIPATION

10<sup>TH</sup> INTERNATIONAL HEINZ NIXDORF SYMPOSIUM

## ON-THE-FLY COMPUTING

### »» THE 10<sup>TH</sup> HEINZ NIXDORF SYMPOSIUM

The 10<sup>th</sup> International Heinz Nixdorf Symposium will take place **September, 12<sup>th</sup> – 13<sup>th</sup> 2016** in the Heinz Nixdorf MuseumsForum in Paderborn. It is aimed at researchers who conduct research on topics of the SFB 901 “On-The-Fly Computing” in a broad sense, and is devoted to the scientific exchange. The event format is a mixture of keynote talks and workshops in the four research fields mentioned below. Through top-class lectures, interesting workshops and an excellent supporting program we want to make the topics of the SFB even more visible in the corresponding scientific communities.

- Software Engineering and Machine Learning; *Organizers: Eyke Hüllermeier, Gregor Engels, Heike Wehrheim*
- Dynamic Communication Networks; *Organizers: Christian Scheideler, Holger Karl, Friedhelm Meyer auf der Heide*
- Security and Cryptography; *Organizers: Johannes Blömer, Eric Bodden*
- Quality Assurance and Economic Design; *Organizers: René Fahr, Bernd Frick, Burkhard Hehenkamp*
